**Coastal Management Strategy**

**WHEREAS** Nova Scotia is one of a few jurisdictions in North America without a coastal management strategy; and

**WHEREAS** Nova Scotia is a coastal province and hence its infrastructure is more vulnerable to the effects of climate change;

**THEREFORE BE IT RESOLVED** that the government of Nova Scotia develop and implement a coastal management strategy by drawing on the best practices of those that have been developed in other jurisdictions, including the recommendations contained in the Draft 2011 Nova Scotia Coastal Management Strategy; and

**THEREFORE BE IT FURTHER RESOLVED** that the government of Nova Scotia develop and implement a strategy to mitigate the decay of existing infrastructure exacerbated by climate change.
